

1 00-GF - Int elevation location key plan
1 : 50

Preliminary issue - architectural space only being shown at this stage
See sheet: 4190 - MBS02-MRI for location of elevations, M&E detail not shown at this stage

Notes

Whilst every effort has been made to achieve accuracy on this drawing, crucial clearance dimensions, levels and inverts should be checked prior to design and construction

For discrepancies or omission contact SafeDigging Ltd prior to work commencing

Use: only intended for the purposes indicated below.

Although this is a digital survey, prepared from a 3D laser survey, the accuracy and amount of detail shown is only commensurate with the graphical scale specified here. Care should be taken when working to larger scales.

This drawing is drawn at 1:50 for ease of reading, its intended use is at 1:100. As such and derived dimensions may subject to tolerances of up to +/- 50mm
